

# Condensed Reel Catalog

Our best selling hose, cord and cable reels

[reelcraft.com](http://reelcraft.com)

# Why use hose reels?

Why use hose reels? Because they make hose handling more efficient and safer. Your hoses, cables and cords will last up to five times longer. You will improve hose management, which decreases labor costs. Your chances of injuries from tripping

hazards will decrease, which saves lost work time, medical bills and higher insurance. You also save the expense and time to replace expensive hoses, cables and cords that get run over by fork lifts and other vehicles.

Truck courtesy of E&B Paving, Anderson IN

## OSHA says reduce your trips and falls

"There are many situations that may cause slips, trips and falls. The controls needed to prevent these hazards are usually obvious, but too often ignored, such as... coiling up extension cords, lines and hoses when not in use and keeping electrical and other wires out of the

way." OSHA's "Fall Prevention Tips" include, "Practice good housekeeping. Keep cords, welding leads and air hoses out of walkways or adjacent work areas.

Source: www.osha.gov

## Five reasons why hose reels add value

**Improve efficiency**  
Hoses, cable and cords are where you want/need them.

**Increase safety**  
Reduce tripping accidents and lost work time.

**Minimize leakages**  
Reduce costs of air and water leakages.

**Reduce hose wear**  
Hose and cord on reels can last up to five times longer.

**Increase productivity**  
No more tangled hoses improves efficiency.

## Custom Built Reels

Reelcraft's engineered products group custom builds reels to your specifications. Our special engineered products are developed

for demanding applications in areas such as marine, military, aviation, hydroseeding, sewer and well cleaning, offshore oil rigs, robotic cable and much more. We offer flexibility, competitive pricing and a lasting commitment

to excellence. For more than 20 years, Reelcraft's engineered products group has produced custom products to meet individualized requirements.

## Two Year Limited Warranty

Reelcraft now offers a two-year limited warranty. All reels manufactured by Reelcraft Industries, Inc. are warranted to be free of defects due to faulty material or workmanship for 24 months from date of shipment, except hose and light bulbs. Exception: LD, LG, LH cord reels - 1 year warranty. Normal wear and tear is not considered a defect in material or workmanship.

**NOTE:** For complete warranty information, online warranty registration and return information please visit [reelcraft.com](http://reelcraft.com).

## Same-day quick ship program offers fastest service

Because we are centrally located in the US and have three North American warehouses, upon request, we can quickly ship our standard products the same day for domestic orders of five or fewer standard models. Orders must be received by 11:30 am Eastern Time. Look for the shipping icons in this catalog for designated models. For the most current list of Quick Ship reels, please visit [www.reelcraft.com](http://www.reelcraft.com).

Located in Northeast Indiana since 1971, Reelcraft's global headquarters' office and manufacturing space is a state-of-the-art 130,000 square foot facility.

# Reelcraft: Better by Design

Reelcraft's reels are better by design because of our lasting commitment to excellence. Our engineering team is well known for designing durable, high quality products. Our standard features include durable, corrosion-resistant

powder coat paint, multi-position guide arms for versatile mounting options and heavy-duty, reinforced steel stampings for increased strength. Our reels are permanently factory-lubricated for a long, trouble-free ser-

vice life. All of these features, and many more, add up to make "The Reelcraft Difference."

## Reinforced Steel

The steel-stamped guide arm is reinforced to reduce bending due to angular pull.

## Improved Connection

The elongated brass connector and proprietary adhesion process provide a better crimp to the hose.

## Stress-Free Swivel

Our full-flow design combines the highest grade seal design with supporting bearing surfaces to insure the longest possible life.

## Corrosion-Resistant

Steel components are individually powder coated to virtually eliminate corrosion.

## Long Service Life

Field-proven swivel assures long service life.

## Kinkless Hose

High quality PVC hose is specially blended for use on reels

## Sealed Connection Points

Swivel and hose inlet connections seal against leaks

## Adjustable Guide Arm

Multiple guide arm positions provide versatile uses and easier field adjustment

## Trouble-Free Performance

Fewer components increase the service life of the reel and improve performance

## Long Life Drive Spring

Drive mechanism is enclosed for protection against the environment. Declutching arbor virtually eliminates possibility of spring damage due to reverse winding of reel spool.

## Robust Latch

Wide profile combined with special spring assures maximum service life.

## Structural Strength

Welded heavy gauge steel frame includes a robotically welded base with stiffening ribs for lighter weight, yet stronger components for ease of handling and installation.

## Easy to Mount

Attaches to most structurally sound surfaces. Edges are curved for safety.

## Finish with Quality

Our components undergo a special five-stage cleaning process and are individually powder-coated for the highest quality paint adhesion. Excess powder is reclaimed to be environmentally friendly.

Shown: 7850 OLP

## Built better to perform better

### To place an order, please advise:

1. Model number.
2. Product to be handled such as air, oil, water, etc.
3. Maximum operating pressure in P.S.I.
4. Maximum operating temperature in degrees Fahrenheit.
5. Hose inside and outside diameters and length.
6. Installation height, especially if more than 16 feet.
7. Desired guide arm position by adding one of the suffixes to the model number. Example: 5635 OLPSW for side wind.

### Additional Considerations:

A flexible connection between the reel and the source of supply is required to prevent possible misalignment and binding. Non-flexible connections will void the warranty. The pressure rating of inlet hose must be equal or greater than the rating of the reel.

### Accessories

Reels ordered with hose and bumper are assembled complete and ready to install. Order bumpers separately for reels without hoses.

Additional questions? Please visit our website or call for assistance. For more than 40 years, our specialty is offering hose handling solutions.

## Medium Duty Spring Retractable Reels

### Series RT

Series RT is an economical choice for a medium duty, lighter weight, spring-driven hose reel for applications that are less demanding, yet require a product that can withstand industrial and commercial use. The industrial-grade drive spring is protected from the environment in a composite spool for longer service life. Guide arm adjusts to seven positions.

## Premium Duty Spring Retractable Reels

### Series 4000 / 5000 / 5005

Series 4000, 5000 & 5005 reels are durable and compact for a wide range of applications with critical space requirements. A full flow shaft and swivel assures maximum product delivery. The Series 5005 reel can handle hose lengths up to 50 feet. Reels are all-steel construction and compact for different applications. Guide arm adjusts to two positions. Consult Reelcraft for other products and hoses.

## Heavy Duty Spring Retractable Reels Series 7000

Made in USA 

Reelcraft's popular Series 7000 is ideal for the most demanding industrial and commercial applications. The reel's base and guide arms are formed from high-grade steel and engineered with structural forms and gussets to yield the greatest amount of strength. The Series 7000 incorporates an all steel construction and a baked-on powder coat finish to produce a rugged corrosion-resistant product suitable for a wide variety of heavy duty applications.

## Ultimate Duty Vehicle-Mount Reels Series D8000 / D9000

The ultra duty aluminum cast base and arm of the Series D8000 offers the highest rigidity among this class of hose reels. D8000 guide arms are field-adjustable for floor, wall, ceiling, pit and truck mounting. Series D9000 reels offer the greatest amount of stability for high volume air or water. This rugged reel is ideal for portable service trucks, permanent service or plant work areas. The durable baked-on, powder-coat finish provides a high quality ultra-violet radiation (sun-light), weather and chip-resistant finish that will stay bright through years of use.

## Spring Retractable Low Profile Reels Series SD10000

Reelcraft new Series SD10000 hose reels are designed to facilitate larger diameter 3/4" and 1" hose up to 50 ft. They feature a high quality external drive spring and a heavy gauge all-bolted together frame. This is the most compact reel in its class, making it ideal for mounting in truck cabinets or other areas where space is limited.

## Static Discharge/Grounding Reels

### Series G

Spring retractable static discharge reels are used to ground equipment operating in hazardous atmospheres, such as fuel trucks or carts transferring flammable materials. When properly clamped to ground, the static discharge reel dissipates static electrical buildup, reduces chances of sparking and the potential for explosion. Clamp rated at 100 Amps on all models listed.

## Fuel Delivery Reels

### Series F7000 / FD9000 / F80000 / FD80000 / FSD10000

Reelcraft's spring retractable fuel delivery reels, equipped with Viton® seals, incorporate metal forms to insure the greatest possible strength and are ideal for mobile applications. These rugged, corrosion-resistant reels are suitable for a wide variety of fuel applications. All models listed are supplied with our ball-bearing style swivel.

## Dual Hydraulic Spring Retractable Reels

### Series TH

Reelcraft's hydraulic reels are used for medium pressure dual hydraulic hose applications and are ideal for operating hydraulic cylinders, tools and equipment. Reelcraft's Series TH reels incorporate contemporary engineering and manufacturing techniques for trouble-free performance. Reels are all steel construction and compact for applications with critical space requirements.

## Heavy Duty Pressure Wash Reels

### Series 30000 / H18006 / PW

Compact design and quality steel construction are incorporated into Reelcraft's newest line of pressure wash reels. These reels are able to carry up to 300 feet of hose and are complete with a high pressure swivel for maximum product delivery. The swivel is designed to handle a broad range of pressures, temperatures and chemicals.

## Heavy Duty for Long Hose Lengths Series 30000

Made in USA 

EA33112 L12D

Reelcraft's Series 30000 reels are designed for rugged, heavy duty applications requiring long lengths of hose and large storage capacity. All-bolted unitized construction with no welds to fatigue, full flow swivel and heavy gauge steel frame, spool and drum ensure longest service life.

## Corrosion-Resistant Reels Stainless Steel Series

Made in USA 

Stainless steel hose reels are ideal for food processing, pre-rinse, wash down, chemical transfer and industrial solvent handling. Also suitable for coastal, offshore and on-board ship in marine applications where the harsh environment of salt water spray requires the use of stainless steel hose reels. Swivels include Viton® O-rings.

## Air/Water/Chemical Delivery Reels

SHA3850 OLP

### Series S

The Series S reel is economical, lighter weight and easy to handle. Its technical design and materials meet the demands of a medium-duty industrial grade reel for continuous, trouble-free operation. Made of corrosion-proof, tough polypropylene, extensive tests have shown it to be highly resistant to the vast majority of acids, alkalis and UV rays. Wall or floor mount.

## Light/Medium Duty Cord Reels

### Series LD / LG

Reelcraft's new line of light and medium duty cord reels are designed for less strenuous applications in which a capable and long-lasting reel is required. These reels accommodate lengths of 16/3, 14/3 and 12/3 diameter cable.

\*1 year warranty

Incandescent bulb 75 watt maximum. For indoor use only. All models UL listed at 125 Volt 60 HZ single phase. Series LD/LG fluorescent light cord reels are not UL listed for Canada.

## Light Duty Portable Cord Reels

### Series LH

Designed with the contractor in mind, Series LH medium duty hand crank reels are portable and deliver power where and when it is necessary. They feature four circuit breaker protected outlets and a corrosion resistant powder coating.

## Heavy Duty Cord Reels Series L4000 / L5000 / L70000

Made in USA

Reelcraft's power and light cord reels offer many different styles of outlets and lamps. Easy to mount and structurally strong, the power and light cord reels have a robotically welded heavy gauge steel frame that attaches to most structurally sound surfaces.

Models listed with a ★ will be available in the spring of 2014.

For indoor non-weather tight applications only. Incandescent bulb 75 watt maximum. \*Inlet plug is NEMA5 - 15P configuration. Plug not set for 20 amps.  
\*\*Auto switch models. Series L4000 and L5000 models UL listed at 125 Volt 60 HZ single phase. UL and CSA testing for Series L70000 is pending.

## Gas Welding Reels

### Series TW / BA

Series TW and BA have an independent dual swivel body manufactured from aluminum and hard coated for wear resistance. This unique design assures positive separation of gases. Double-sealed, special molded O-rings prevent leakage. Swivel body and inlet are both permanently identified with machined grooves on the acetylene side to assure proper installation.

### Safe-T-Reel Series: Hand Crank

Safe-T-Reels feature a high rigidity due to a one inch shaft with tapered roller bearings. These reels are compact and flexible and made of non-conductive materials.

Made  
in USA

## Cable Welding Reels

### Series WC & CEA

Series CEA and WC are designed to increase the safety in the work area with a resulting increase in efficiency and productivity. They have a continuous current path through a live 400 AMP, 90 V DC (maximum) rated enclosed slip ring.

### Safe-T-Reel Series: Hand Crank

Safe-T-Reels are ideal for applications where space, weight and flexibility are key. These reels are designed for manual winding of welding cables. Safe-T-Reels offer trouble-free management of large capacities of cable. Suitable for outdoor use.

Made  
in USA

WC7000  
Shown with  
clamp and cable  
(not included)

Safe-T-Reel T-2462-0

### CAUTION:

If cable reels are to be used for extended periods of time, unwind all cable from reel to prevent heat build-up. For indoor non weather-tight applications only.

## Heavy Duty Large Frame Reels

### Nordic Series - 1/2" to 4" ID; Lengths to 700' and more

Reelcraft's Nordic Series reels are rugged and durable, with standard 1/2" pitch chain and sprocket drive powered by AC or DC electric motor with auxiliary bevel crank. Nordic reels are equipped with the standard welded frame and heavy duty cast bevel gears for reliable performance. Designs are versatile to provide flexibility to meet user requirements for size, capacity, rewind motor and consistency.

Made in USA

Gear drive available

Shown with optional bevel crank

\*For electric motor versions of the BC models, add 3" to width shown in above chart.

□□3900-31-12-15FF

#### Drive Type:

EP - Electric motor, 12 V DC explosion proof  
BC Bevel crank (standard)

Also available, non-explosion proof 12 or 24 DC, explosion proof 115 AC, 24 DC. Contact manufacturer.

## Tool Balancers

### Series TB / TBL

Tool balancers make tools nearly weightless, reducing operator fatigue. Reelcraft's tool balancers also improve safety and ergonomics and helps prevent tools from being accidentally dropped, reducing tool damage.

Model	Min-Max Load (lbs)	Cable Length	Ratchet Lock	Wgt. (lbs)
TB 01	0 - 1.5	6'	NO	1
TB 03	1.5 - 3	6'	NO	1
TB 05	3 - 5	6'	NO	1.5

Medium Duty TB

Heavy Duty TBL 10

Bright zinc plated steel safety latch for tool attachment and other uses. Measures 2.375" long. Included with each model.

Model	Min-Max Load (lbs)	Cable Lgth.	Ratchet Lock	Wgt. (lbs)
TB 10	5 - 10	8'	NO	9
TB 12	8 - 12	8'	NO	10
TB 15	10 - 15	8'	NO	10
TB 23	16 - 23	8'	NO	10
TBL 10	5 - 10	8'	YES	9
TBL 12	8 - 12	8'	YES	10
TBL 15	10 - 15	8'	YES	10
TBL 23	16 - 23	8'	YES	10

## Custom Built Reels

Reelcraft's engineered products group custom builds reels to your specifications. Our special engineered products are developed for demanding applications in areas such as marine, military, aviation, hydroseeding, sewer and well cleaning, offshore oil rigs, robotic cable and much more. We offer flexibility, competitive pricing and a lasting commitment to excellence. For more than 20 years, Reelcraft's engineered products group has produced custom products to meet individualized requirements.

## Reelcraft's Capabilities

### Very few size and weight constraints

We build to meet most extreme size and weight constraints.

### Special finishes/paint options

Options include galvanized, CARC paint, marine grade epoxy, liquid enamel coat paint and powder coat paint in any color.

### Various drive types

Manual crank, motorized, spring driven, hand-over-hand and more.

### Wide range of pressures

A wide variety of pressure ranges available from 50 to 15,000 PSI and beyond.

## Custom Reels

Built to your specs

**Unique options** - Hose Boss™ rewind assist, tensioning bars, multiple fluid paths, level rewinds and much more.

### No minimum quantities

Order from 1 to as many as you need.

Multiple spools

Turn-key solutions sewer/jetter

## Roller Hose Guide Assemblies

HR 1059

HR 1145

These four-way roller guide assemblies are for use with reels on cabinet door openings and for similar locations where sharp edges may cut or damage the hose. The design permits pulling or retracting hose at any angle. Model S270109 has nylon rollers mounted on an 11 gauge steel frame with pre-drilled mounting holes. **Note:** A hose bumper should be used to prevent damage to rollers and nozzles. See chart on page 15.

## Additional Accessories

<p>S600608</p>	<b>340° Pivot Base</b> Aligns reel to the direction of hose or cord run. May be mounted with reel upright or hanging. Weight 10 lbs. (5kg). <b>Note:</b> Use if hoses or cords are pulled at more than 45°.	<b>For Reel Series</b> RT / 4000 / 5000 / 5005 / 7000	<b>Part #</b> S600608
		80000 / D80000 / 30006	600801
		30012	600801-12
<p>600992</p> <p>600626</p>	<b>Wall-Mounted Universal Swing Bracket</b> Bracket will pivot approximately 180°. All steel construction with a durable baked on powder coat finish. Weight 6 lbs (3kg). <b>Note:</b> Use if hoses or cords are pulled at more than 45°. Not for overhead mounting.	<b>For Reel Series</b> RT	<b>Part #</b> 600992
		4000 / 5000	600993
		RT / 4000 / 5000 / 5005 / 7000	600626
		80000 / D80000 / DP5000 / DP7000	600980

<p>600370</p> <p>600295</p> <p>600230</p>	<b>Top Mounting Channels and Beam Clamps</b> 600370: Top channel and beam clamps for one reel 600295: Top channel and beam clamps for two reels  For mounting Series 7000 reels to an I-beam or overhead support. Mounting channels can be mounted end to end to mount three or more reels. To permit the mounting of Reelcraft Series RT, 4000, 5000, 5005 and electric cord reels on mounting channel, an adaptor assembly must be used (#600230).  <b>600230 Adaptor Assembly</b> Used with top channels and beam clamps only.

## Inlet Hose Assemblies

A flexible hose connection must be used between the hose reel inlet and the source of supply to prevent possible misalignment and binding or warranty is void. Please furnish the following information when ordering: part number, product and pressure to be handled. Other sizes available as well. **NOTE:** Swivel fittings are recommended to protect hose during installation.

**Caution:** Be sure working pressure required does not exceed above ratings. Misapplication can result in serious operator injury. **Note:** Advise product to be handled, maximum temperature and pressure fitting size or sizes when ordering.

## Adjustable Hose Bumpers

Adjustable hose bumpers are solid molded rubber assuring a long life and nonslip grip. Hose bumpers allow the desired length of hose to be permanently stored outside the reel. Hose bumpers are included on the reels purchased with hose. Reels purchased without hose do not include the hose bumper. When ordering, advise the part number, reel model and the hose I.D. and O.D. **NOTE: To order hose bumper with stainless steel hardware, change part number prefix from HR to HS.**
